Interact for Health
Position Description

Strategy and Policy Intern
The strategy and policy internship is a part-time position within the Strategy and Policy team of Interact for Health. The intern will complete 20 hours per week of work at the Interact for Health offices for 12 weeks (approximately mid-May thru mid-August), with a possible extension after 12 weeks. This intern will participate in activities structured to expose them to the following strategic priority of Interact for Health: ensuring that children have access to health care through school-based health centers.

Reports to: Program Officer

Responsibilities:
• Participate in ongoing activities and projects determined to be of mutual interest to the intern, Strategy and Policy team and Interact for Health.
• Provide support for data collection and analysis, particularly for school-based health centers.
• Assist program officers and staff on various projects related to Interact for Health’s current school-based health center strategic priority.
• Attend staff meetings, as needed.
• Other duties as assigned.

Requirements:
• Current Master’s or doctoral student in good standing within his/her academic department, or candidates with 3 to 5 years of field-related experience. Recent graduates may also be considered.
• Background in health policy, health research, or public health.
• Strong analysis and writing skills.
• Strong interpersonal skills.
• Able to work independently.
• Has a passion for public health.

Intern should demonstrate intelligence, compassion, integrity, sense of community, outstanding communication skills and leadership.
